

## FOREIGN BUSINESS REPORTS

It is vital to know the financial situation of your business partners. The Foreign Business Report gives you comprehensive and in-depth information about your business partners in countries outside of South Africa.

Combined with the unique Coface Insurance payment experience, it is the perfect product for your credit and risk management process.

Foreign reports are available in all 195 countries, within an optimized response time from 5 to 15 days depending on countries selected.

### COFACE FOREIGN BUSINESS REPORTS PROVIDE THE FOLLOWING INFORMATION ON YOUR BUSINESS PARTNERS:

- Basic company details
- Director Information
- Payment experience
- Full financial data (if made available)
- Credit Score (On a scale from 1 to 10, giving the probability of default for the company within the next 12 months)
- Coface Adjustment (Including Coface Insurance payment experience)

### Your Benefits at a Glance

- Minimise risks by selecting ideal suppliers and customers
- Collaborate with a global credit insurance partner to better understand your business risks
- Save time and resources, and focus them on the core activities of your business
- Have a realistic overview of the financial situation of your business partners
